## ABOUT THE ORGANIZATION

---

“Amity Law School, Noida” is one of the leading institutions in the field of law. It was established as a philanthropic initiative by our Hon’ble Founder President - Dr. Ashok K. Chauhan. Amity Law School, Noida has been conferred the South Asia Legal Excellence Award, Best emerging Law School award by SILF and MILAT, along with the “Promising Law School” award by Legal Desire. It is the dream of our Founder President Sir – Dr. Ashok K. Chauhan, to make Amity Law School, Noida a world-class educational institute in India and beyond.

It has set the bench mark in legal education by providing ample opportunities for education, research and capacity building. Amity Law School, Noida aims to impart high-quality professional education in a vibrant academic ambience with distinguished faculty and resource persons from the industry. Amity Law School, Noida has proved to be an epitome of legal education by striving for excellence in all its endeavors.

## ABOUT THE CONFERENCE

Transdisciplinary studies are a reflection of the changing patterns of knowledge production. Ubiquity of transdisciplinary approach is indicative of an important intellectual shift and it represents cognitivity. To understand and formulate better laws at present and in future, a holistic approach in acquainting with other disciplines becomes indispensable. Transdisciplinary concepts have become necessary because differentiation and specialization of knowledge in discrete categories have become a law of being in the 21st century. It is the time we should expand our horizon beyond reductive views of the law and identify and resonate its significance in other disciplines. Legal studies must acknowledge transformation of both- ideas and genres, within their own discipline and beyond its borders. Transdisciplinary approach promotes the capacity to integrate knowledge and modes of thinking drawn from two or more disciplines to produce a cognitive advancement.

This International Transdisciplinary Conference is the 4th edition to the previous successful International Transdisciplinary Conferences organized in 2017, 2018 and 2019.

# GLIMPSES OF THE PAST

Amity Law School, Noida (ALS, Noida) has organised multitude of prestigious conferences since its inception in the year 2004. The conferences organised by ALS, Noida have always been well received by the students, faculty members, scholars and professionals alike due to the relevance of the themes and the unparalleled exposure to the intricacies provided by the participants and the chairs in the technical sessions. All of these conferences have turned out to be massive successes in the past, epitomizing academic excellence and promoting a culture of research, debate and deliberation. We have also had the honour of welcoming eminent legal luminaries, academicians and field experts to chair the technical sessions in the past conferences.

In 2017, ALS, Noida organised the 1st edition of the International Transdisciplinary Conference (ITC) on the theme – “Postcolonialism: Indian response and Transformation”. The theme of the conference was aimed at tracing India’s specific responses to colonialism and analysing the post-colonial understanding of the same. The success of this conference paved the way for future editions of the ITC.

In 2018, motivated by the success of the previous edition, we incorporated - “Emerging Trends and Transformation in Contemporary Society: A Global Futuristic Perspective” as the theme for the 2nd Edition of the ITC. The said conference had been conceptualized to deliberate and take stock of prevalent global trends effected due to changes and development in societal structure and their relevance in various facets of humanities, law, technology, life sciences, religious and cultural studies etc.

In 2019, highlighting the importance of innovation as a key source for attaining and sustaining competitive advantage in the present era, ALS, Noida narrowed down on the theme - “Advancements in Legal Research: Reflections in Contemporary Pandemic and Transdisciplinary Dimensions”.

Keeping in mind the success of the previous editions of the ITC, ALS, Noida is now coming up with the 4th Edition premised on the theme – “Neoteric Vision of Culture, Ethics and Heritage Towards Human Dynamics”.

# THEME OF THE CONFERENCE

Every society has certain ethos on which it survives and thrives. There are many social goals that the state alone cannot promote unless they are coordinated by societal, cultural and ethical forces. The culture of a society cannot exist in isolation and it is prominently akin with law. Culture influences law, and law influences culture. All civilizations have their own legal cultures and philosophies, born from their own legal traditions, which at times spawn different perceptions of justice, morality, armistice, and other notions of welfare state. Law is an instrument to maintain harmony, unification and order in a social welfare state.

The synchronization of a cultured society which has rich heritage through legal reality can only be achieved by politically awakened legislature to the needs of its surroundings. Courts can also play an active role in bringing desired social changes. Legal processes reflect very deep social, cultural and ethical streams, and sets the

trend for human dynamics and it is indeed futile to discuss law in abstract.

Law must address the specific issues of the cultural and ethical diversity of any society and it cannot be satisfactorily portrayed and examined without putting its advancements in the rich circumstances of its human dynamics. The equilibrium between law and societal dynamics is must for a flourishing society like ours which is proud of its colossally rich culture and heritage.

Given the current political brouhaha and economic scenario where the world witnessed widespread disquiet, the theme of this conference is very apposite as it aims to address and provide solutions for significant intertwined social, cultural, ethical and legal issues by providing a platform for unprecedented discussions through panel discussion followed by paper presentations by eminent scholars, academicians, sociologists, culturists, lawyers, administrators and other stakeholders from various disciplines.

# OBJECTIVES OF THE CONFERENCE

To understand the philosophy and deep meaning of the theme of the conference.

To broaden our horizon beyond reductive views of the law and identify and resonate its significance in other disciplines

To embellish the understanding of the academicians, researchers, students and scholars in-depth understanding and philosophical transdisciplinary contribution towards the knowledge building.

To appraise the affiliation of law, cultural heritage and ethics in the current human dynamics.

*The above objectives are sought to be achieved by having panel deliberations of eminent scholars from academia and discussions followed by paper presentations.*

## SUB-THEMES OF THE CONFERENCE

1. Entwine of law and ethics in cultural heritage management
  2. Changing dynamics in governance and political identity
  3. Ethical issues in management
  4. Cultural heritage and human rights
