5th GNLU INTERNATIONAL CONFERENCE ON LAW, ECONOMICS, AND PUBLIC POLICY - MARCH 2022

The subject of 'Law & Economics' or 'Economic Analysis of Law' is concerned with the interface between the subjects of Law & Economics. It permits the greater use of economic tools and concepts to examine and understand the law in addition to recognising the importance of law to the analysis of the economy. Today, the field of Law & Economics has expanded and transformed subjects such as property, contracts, torts, criminal law and procedure, constitutional law, administrative law, environmental law, family law, etc. Moreover, with further restrictions around the world due to COVID-19, economic policies have evolved impacting major sectors. This calls for a general theme of law and economics for this International Conference.

The inherent advantage of this field is that its objective nature permits the legal system to function rationally and more efficiently. Besides, it provides a useful normative standard for evaluating law and policy. Law & Economics is a cutting-edge, interdisciplinary field that applies tools from microeconomic theory to legal rules and structures so as to explain their functioning, evaluate their performance and prescribe alternative rules and structures so as to create optimum social outcomes. Law & Economics has seen prolific development in various jurisdictions and has elicited startling results that have changed the way we look at and run our legal systems, winning scholars a number of accolades, notably including the Nobel Prize in Economics.

This calls for a general theme of law and economics for this International Conference. With further restrictions around the world due to COVID-19, economic policies have evolved impacting major sectors. The study of the impact of these policies need academic deliberation.

PUBLICATIONS:

CLE has also published three books and Journal with the objective of fostering greater research into economic analysis of laws in India:

Economic Analysis of Law: An Indian Perspective

This book is divided into eight parts, each of which touches upon various facets of the law, ranging from an introduction of the basic models of economic analysis of law to the specialized arenas of the constitutional law, commercial laws, torts, personal laws, crime and environmental laws. The book makes an easy read for both students and academicians, and serves as a basic guide to a layperson.

Law & Economics in India: Understanding and Practices

This is one of the first volumes that uses economic tools to analyze and evaluate law and policy in India, applying economic tools such as incentive analysis, cost benefit analysis, and game theory. The essays in the volume negotiate contentious issues in law including property, contracts, torts, nuclear liability regime, bankruptcy law and procedure, constitutional law, administrative law, environmental law and family law.

Law & Economics: Breaking New Grounds

The book *Law & Economics: Breaking New Grounds* aims to educate and spread awareness to the professional and policy makers, helping to build-up a rational society. This book is the outcome of the First International Conference on Law and Economics, 2015, co-edited by Dr. Ranita Nagar, Dr. P Murali Prasad and Dr. Pawan Mamidi. This book presents the analysis of law from an economic point of view.

GNLU Journal of Law and Economics

The GNLU Journal of Law & Economics (GJLE) is an annual peer-reviewed digital publication by Gujarat National Law University (GNLU). It is an online and open access journal, with the aim to foster the open-access culture in academia and also to encourage research, writing and discourse in the field of law and economics. Blind Peer-Review process is followed to maintain the publication quality and ethics. The journal is an official publication of the GNLU Centre for Law & Economics.
