It has signed various MOU with National , International University and research think tanks like Pasundan University, Indonesia , ECLER Romania, Daffodil International University Bangladesh ,IHMSAW Bangladesh , YHRI Nepal etc.

About Corporate Social Responsibility

India is among few countries globally, making Corporate Social Responsibility (CSR) mandatory for its class of companies. This term was used by Howard R. Bowen, the father of CSR in his book "Social Responsibilities of the Businessman". He uses the term social responsibilities of businessmen, which refers to the obligations of people in business to pursue those policies, make those decisions, or follow those lines of action that are desirable in terms of objectives and value. The term Corporate Social Responsibility is the way of conducting the business in which companies spent their contributions to better society. The companies are not confined to generate profits only but also work for the socio, economic and environmental perspectives.
