Committees & Agenda

ALL INDIA POLITICAL PARTIES MEET (AIPPM)

“A politician needs the ability to foretell what is going to happen tomorrow, next week, next month and next year. And to have the ability afterwards to explain why it didn’t happen.”
~ Winston Churchill

The All India Political Parties Meet is an unconventional committee that allows the diverse political groups of India to reach to a consensus on decisions of national importance. The committee aims to simulate the reality by reproducing the stages of policies and jurisdiction, giving a chance to the youth of the country to represent personalities from the divergent group of Indian political parties and absorb the exposure and ecosystem of the real political sphere of the country. All the representatives must be well versed, with their political party’s ideology, manifesto and believes. It is important for delegates to research well and are conscious about their portfolio’s affiliations, interests and ideologies at all times during the conference. All the representatives of the parties should be well versed with all the three agendas of the committee which will be deliberated upon during the due course of the entire conference.

AGENDA:

**KILLING OF KASHMIRI PANDITS: GENOCIDE OR EXODUS?
CHILD MARRIAGE: HAS INDIA DONE AWAY WITH IT?
OVERVIEW OF STATE ELECTIONS 2022 AND THEIR RESULTS.**

UNITED NATIONS HUMAN RIGHTS COMMISSION (UNHRC)

*“Human rights are not a privilege conferred by government.
They are every human being’s entitlement by virtue of his humanity”
~Mother Teresa*

The Human Rights Council is an inter-governmental body within the United Nations system which is responsible for strengthening the promotion and protection of human rights around the globe and for addressing situations of human rights violations and make recommendations on them. It meets at the UN Office at Geneva.

The member states to this council shall always abide by the Charters of Human Rights issued by the Council. The delegates will be allotted the various portfolios of the different members and they shall discuss and debate upon all the three agendas which will be deliberated upon all throughout the Conference.

AGENDA:
INTERNATIONAL LAW: FORCES AND IMPLEMENTATION
SRI LANKAN ECONOMIC CRISIS
TERRITORIAL DISPUTES IN SOUTH CHINA SEA

THE INTERNATIONAL PRESS

*“This is what really happened, reported by a free press to a free people.
It is the raw material of history; it is the story of our own times.”*

~ Henry Steele Commager

The International Press Institute is a global network of editors, media executives and leading journalists. It is dedicated to the furtherance and protection of press freedom and the improvement of journalism practices. IP members work cooperatively to shape debate on policies affecting the media and to push back against this seeking to restrict the free flow of news and information in order to protect political, economic and other interests.

In the International Press committee of IMS Law College MUNC’22, instead of representing the interest of a single country, the committee allows participants to act as unbiased journalists reporting on the proceedings of each simulation in the Conference. You are required to investigate committee debates, conduct interviews, edit articles, cover press conferences and analyse the statements made in the conference.

Throughout its decades-long history, the solidity of IP’s network has concealed journalists from attack of media freedom to backtrack amid global exposure of their actions.
