

## About the course...

The legal profession is assuming a multi-dimensional proportion in the backdrop of globalization. The focus of this present course is to give students exposure to the basics of legal research and hands-on training on how to write articles and research papers. This course will help the learners the ability to carry out quick, comprehensive and cost effective research. With this course, learners will learn techniques that will help them confidently carry out research in any area of the law and also write papers for academic journals and get them published.

The course will not only teach the learners about legal research but will also be taught as to how they can find scopus indexed, web of science and UGC Care journals and get their papers published in those journals.
