2nd

INTERNATIONAL CONFERENCE ON AIR AND SPACE LAW

Organised By
V.S. MANI CENTRE FOR AIR AND SPACE LAW (VSMCASL)

GUJARAT NATIONAL LAW UNIVERSITY

8 JULY 2023

ABOUT THE GNLU AIR AND SPACE LAW CONFERENCE

Restrictions imposed due Covid 19 pandemic are being gradually relaxed the world over. The aviation industry is emerging from its disastrous fallout in an encouraging manner. While safety and security continue to be the predominant concern, it is the commercial viability of various stakeholders that has gained the focus of policymakers. India continues to be a promising player in the global aviation sector due to various initiatives that have been taken by the government in recent years.

The strategic significance of space is being realised due to the creation of space assets through ever-improving technologies. Increasing commercialisation of space necessitates a rethink as to how we comprehend space in the present world. Independent space ventures are becoming a norm. Even human space exploration is becoming more and more reliant on the participation of private players. The Indian government has taken significant steps like establishing a regulator to encourage the involvement of private players in the space industry.

The first edition of the Conference was successfully conducted in 2022. Encouraged by the overwhelming success thereof, VSMCASL is pleased to present the 2nd Edition of GNLU Air and Space Law Conference 2023 to be organised on 8 July 2023. The International Conference aims to provide a platform for deliberations amongst Air and Space Law enthusiasts and thereby contribute to the emerging discourse on the challenges posed to Air and Space Law in the future.
