*Public Policies and Business Strategies in India and Europe:
Ideas for a Sustainable, Inclusive and Resilient Society*

Date: 12th April 2023

Venue: Amity University, Noida, Uttar Pradesh

This conference shines focus on the two entities that display a strong commitment to sustainability, inclusion, and resilience- India and Europe. In a short span, India has been leading the fight to combat climate change and fiercely advocating for a sustainable lifestyle (*Mission LiFE*). Sustainable development is a core principle of the European Union (EU), and it has been putting tremendous effort into tackling the imminent challenges of food, fuel, technology, and security. Despite the multidimensional challenges, India and Europe are poised to find solutions and lead the way. With its G20 Presidency, India has underlined its priorities covering the key pillars of sustainability: economic viability and environmental protection. India and Europe can facilitate global dialogue towards deeper engagement in public policy pertaining to sustainability, inclusivity, and resilience.

Cutting across the theme of the meeting are several priorities and issues that define the current moment in India, Europe and the broader world that will shape the years to come. The conference focuses on five tracks:
