The Bar Council of India through its Trust, after having successfully established, the National Law School of India University, Bangalore in 1986, in the year 2022, has established the India International University of Legal Education and Research, Goa, [IIULER] to bring about the next landmark revolution in the field of legal Education.

#### **About IIULER (Goa)**

The first revolution was by way of introduction of the 5 year integrated Law degree course through NLSIU, Bangalore, which is now a rage amongst students and this revolution by the name of IIULER is set to harmonize, amalgamate and integrate, theory, research, clinical/practical training, legal skill acumen, aptitude & social consciousness amongst its students, as never witnessed before, in the landscape of Indian Legal Education so that they emerge fully equipped with all tools to practise law and/or to pursue higher studies and/or to appear in judicial exams, job interviews in Govt and/ or pvt. in firms and corporate offices etc on the day they graduate.

IIULER is established by the Act No. 16 of 2021 passed by the Legislative Assembly of Goa. Initiation of IIULER has been undertaken by the Bar Council of India with a specific vision. There has been a growing demand from all corners of the Society to take steps for uplifting the standards of legal education in the country. Bar Council of India being the regulator of legal education, was/ is concerned about such a demand. Making a policy or giving only suggestions, and/or directions for improving legal education is not sufficient. Bar Council of

India, therefore decided to establish a model University of International standards which can be observed and followed by other law teaching institutes.

This 'Gen-Next' institution strives to meet Global academic standards and nurture leaders of tomorrow with its innovative use of clinical learning methods by establishing a connect between academic legal studies and actual implementation of law. All modern subjects, techniques with practical experiential learning will be available in the University. Apart from providing rock solid academic foundation, the academic teaching here will be interlinked and well connected with Bar and the Bench. The institution also believes that adherence to academic and personal conduct based on integrity, honesty and fairness is also essential to nurture the budding lawyers of tomorrow.
