<https://forms.gle/2TE6ggUnF2AgoeXi6>

Date of Conference: 01-06-2023 to 03-06-2023

Last Date for Registration with payments: 25th May 2023.

About University

KL Deemed to be University also known as KLEF was established in 1980-81 as KL College of Engineering, which was upgraded to KL College of Engineering Autonomous in 2006 by UGC and was declared as a Deemed to be University in 2009 by UGC, MHRD Govt. of India. In 2012 as a Deemed to be University the institution was accredited by NAAC with A Grade and later in 2018, was re-accredited by NAAC with A++ grade. In 2019 UGC, MHRD declared this institution as Category-1 Institution.

About the Department

The Department of Arts started its journey in 2016 by offering B.A. Programme for undergraduate students approved by UGC with the objective of outcome-based education. The department follows the CBCS syllabus according to NEP 2020 guidelines, which is in line with all the premier institutions of India. Students can choose Geography or Economics as their major, along with other subjects like History, Public Administration, English, Telugu and Hindi. Apart from the regular UG programme, the department offers integrated coaching for competitive examinations such as UPSC, State PSCs, SSC, Banking services, etc. The unique integrated coaching embedded in the academic programme is developed to refine their personality and make them future-ready.

About the Conference

Since the last glacial period, the earth's surface has been facing frequent changes in climate. The scenario during post second war period has become worse. Uncontrolled population growth since 1960's, rapid urbanization vis-à-vis construction boom since 1970's have exerted severe pressure on land and thereby environment. The social and political scenario during this capitalistic era is encouraging the corporate sectors to extract natural resources towards their profit maximization. All these facts are responsible for changing natural biodiversity, geomorphic features, and socio-economic systems. The modern state is technology driven among which the latest one is Artificial Intelligence. In one hand, technology has eased our life; it has many bad impacts on the other hand especially in the third world countries. To generate and maintain database, high resolution mapping with proper analysis and preparation of accurate proposal for environmental sustainability is an important positive side of technology. Thus, environmental sustainability is an inter-

disciplinary task. Therefore, the theme of the conference 'ENVIRONMENT, SUSTAINABILITY AND TECHNOLOGY IN SOCIAL SCIENCES' is aimed at addressing inter-disciplinary topics related to sociology, economics, political science and overall environment..

Sub-Themes of the Conference

The theme of the Conference shall focus on but not limited to

- Environment and Biodiversity
- Natural Resources risk, Welfare and Social Preferences
- Challenges and Opportunities of Marine Ecosystem
- Geospatial Techniques
- Geohazard and Associated risk
- Urbanization
- Digitalization- E Governance
- Sustainable Development
- Rural Economic Activity and Livelihood
- Digital Agriculture
- Globalization and Regional Competitiveness
- Migration and Labor Markets
- Tourism
- Geoarchaeology, Historical Identity & Culture
- Urban Governance and Cities Regeneration
- Politics, Ethnicity and Empowerment
- Environmental History
- Foreign Trade Relations

Submission of Abstract

The Organizing Committee invites submission of abstract(s) and full paper of original contributions on any topic related to the Sub-theme from the relevant field of social sciences and interdisciplinary subjects of the conference.

Layout of the Abstract & Full Paper

Abstract with a suitable title must be written in English within 300 word limit along with maximum three keywords.

Title: A good title within 15 words is suggested.

Author(s): Author's affiliation should be mentioned. In case of multiple authors, corresponding author should be mentioned properly.
