How will this benefit a participant?

1. Holistic insight to the role and community practices undertaken by NGOs and Corporates.
2. Redesigning business and foreign trade to meet new planetary contingencies led by increased varieties and frequencies of disasters.
3. Opening more relevant and strikingly meaningful, new research areas in Law, Governance, international cooperation and humanitarian law in regional alliances.
4. Dimensions of role & empowerment for State agencies and rescue forces in mitigating and managing calamities.
5. Empowerment of Citizens in taking pre-emptive steps against hazard-prone developmental policies.
