# What is Model United Nation (MUN)?

Model UN is a popular activity for those interested in learning more about how the UN operates. Hundreds of thousands of students worldwide take part every year at all educational levels. Many of today's leaders in law, government, business and the arts – including at the UN itself – participated in Model UN as student.

The United Nations Model UN Programme aims to build

and maintain strong links between the UN and Model UN participants across the globe. It does that through guides and workshops, which teach students how to make their simulations more accurate; by visiting Model UN conferences and sharing firsthand knowledge of what the actual UN is like; and through encouraging Model UN clubs to take real action to support UN values

With a staunch faith in the maker of Universe, I believe Karma is the only key to attain success and peace in this living world. To choose education as my Karma Battle Field is to unveil the importance of steadfast journey of imparting knowledge and employ the same for the betterment of humanity. Education is the only sword which does no killing, but when used, enlightens minds and escorts impunity. Indore Institute of Law welcomes all enormous young minds to witness the change and be the reason of educational evolution."
