ABOUT THE UNIVERSITY, NAGPUR

Maharashtra National Law University, Nagpur was established by the Government of Maharashtra in 2016 through the enactment of the Maharashtra National Law University Act (Maharashtra Act No. VI of 2014).

It is a residential University engaged in promoting quality legal education and conducting cutting-edge research on thriving issues of law, social science, management and humanities. The University is presently offering B.A.LL.B.(Hons.) Five-Year Integrated Degree Course; B.A.LL.B. (Hons. in Adjudication and Justicing) Five-Year Integrated Degree Course, B.B.A.LL.B. (Honours) Five-Years Integrated Degree Course; LL. M. One Year Postgraduate Degree Course and PhD in interface with the law and legal issues, besides various Diploma and Certificate courses.

While it has strong student-centric goals, it also focuses extensively on the holistic development of its bright and diligent faculty members and scholars motivating them to attain new heights. In order to realize this holistic vision and keep in view the spirit of the Constitution, the University strives for excellence, through its centres established for advanced legal studies, research, and advocacy to address socio-legal issues and challenges. Some of the centres have already started working on offering courses and conducting seminars, conferences, and training programs for their identified target groups.

ABOUT THE CONFERENCE

In September 2022, the Honourable Prime Minister of India introduced the National Logistics Policy to improve logistics efficiency as a function of infrastructure, services and human resources. The NLP has been hailed by both, the public and private sectors. It aims for digitalising the transport sector, reducing the number of obstacles and challenges faced by export-import firms and has the vision of creating a new digital platform named Ease of Logistics Services. Further, the Unified Logistics Interface Platform (ULIP) aims to bring all the digital services related to transportation, logistics, export and import into a single digital portal. It is believed that this policy shall help reduce the logistics costs from double digits to single digits in terms of percentages, and reduce the overall burden on traditional means of logistics. The conference aims to be a platform for debate, discussion and deliberation on Law, Logistics and Management and the need to manage the expectations and aspirations of the essential stakeholders of this policy.

The Objectives of the Conference: -

- 1) To examine the relationship between law and its impact on the logistics sector of India;
- 2) To assess various business opportunities the dynamic logistics sector presents to India and the world;
- 3) To identify and evaluate various regulatory and managerial challenges that have been plaguing the logistics sector of India; and
- 4) To suggest various solutions to address the challenges of the logistics sector of India.
