# “CYBER SECURITY AND EMERGING THREATS IN CYBERSPACE”

Jointly Organized by Telecom Regulatory Authority of India and  
Gujarat National Law University

10<sup>th</sup> January 2024, Wednesday  
GNLU, Gandhinagar

### ABOUT TELECOM REGULATORY AUTHORITY OF INDIA

The Telecom Regulatory Authority of India (TRAI) was established with effect from 20th February 1997 by an Act of Parliament, called the Telecom Regulatory Authority of India Act, 1997, to regulate telecom and broadcasting sector including fixation/revision of tariffs, interconnection of network and lay down standards of quality of services to be provided by Service provider in telecom and broadcasting sector which were earlier vested with the Central Government.

TRAI's mission is to create and nurture conditions for growth of telecommunications in the country in a manner and at a pace which will enable India to play a leading role in emerging global information society.

One of the main objectives of TRAI is to provide a fair and transparent policy environment which promotes a level playing field and facilitates fair competition.

## ABOUT THE SEMINAR

In an era where technology is integral to every aspect of our lives, from communication to commerce, the increasing connectivity also exposes individuals, organizations, and nations to a myriad of cyber threats.

To foster awareness, collaboration, and regulatory frameworks that contribute to a safer and more secure digital environment in the face of emerging cyber threats, TRAI, Regional Office, Jaipur, having its jurisdiction over Rajasthan, Gujarat, Haryana and Punjab States, is organizing a full-day seminar on “**Cyber Security and Emerging Threats in Cyberspace**” at Gujarat National Law University, Gandhinagar.

The one-day seminar serves as a platform to discuss and strategize against emerging cyber threats, emphasizing the need for collaboration, awareness, and robust cybersecurity measures to safeguard digital infrastructure and ensure a secure cyberspace for all stakeholders.
