

Research Internship Program at CCLE

Title: Research Intern (2)

Mode: Virtual

Duration: 1st July, 2024 - 31st July, 2024

About the Centre

The Centre for Competition Law and Economics (CCLE) is a research organization working in the field of market economics and competition. The Centre regularly provides legal representation, stakeholder management, media and policy research services to various public and private stakeholders. The Centre regularly collaborates with various governmental departments, consulting firms and educational institutions to organize seminars, conferences and workshops to generate capacity in the said field based on mutual interest.

About the Internship

The Centre for Competition Law and Economics is known for doing some cutting edge work in the domain of competition law, tech policy and international trade. CCLE regularly works with various regulators, governmental departments and parliamentary standing committees on various questions of law and public policy, and assists them in taking an evidence-driven approach when it comes to policy making. The interns would be expected to do the following:

- Conduct research on relevant questions of law and policy
- Prepare presentation for the government as may be the case
- Assist the fellows in the ongoing research work
- Allied work required for completion of a research project

There is no stipend available.

Mode of application

The candidates are expected to share a copy of their CV along with a brief cover letter on why they are interested in the position to contact@icle.in with the subject line “**Internship Application - July, 2024**”.
