ABOUT MNLU MUMBAI

Maharashtra National Law University (MNLU) Mumbai is one of the premier national law schools located in the economic capital of India. It offers graduate, post graduate and research degrees in law and allied disciplines. MNLU Mumbai has set up Centre for Research in IP among ten centres for legal research. MNLU Mumbai has also been granted DPIIT IPR Chair under the Scheme for Pedagogy and Research in IPRs for Holistic Education and Academia (SPRIHA) of the Government of India.

ABOUT THE COURSE

Intellectual Property is a subject of increasing global importance. Policymakers have long recognized the need for IP rights to protect the inventions and creative works of individuals and enterprises. In an age when knowledge capital, the product of the intellect, has become an increasingly important basis of social and economic progress, IP has acquired unprecedented importance, and issues relating to the generation, evaluation, protection, and exploitation of IP systems have become crucial. The IPR viz., Patent, Design, Trademark, Copyright etc. are key components for business success and tool for enhancing the competitiveness of Industries. Intellectual Property Regime in India has been substantially refurbished after joining TRIPS by amending all IP legislations. As India is one of the rapidly growing economies in the world, and plays a major role in IPR on the global IPR platform, it is necessary to develop efficient IPR regime in the country which will result in building a strong IPR profile for the stakeholders and, in turn, for the country that will strengthen “Make In India” and “Atmanirbhar Bharat” in the long run.

In view of this, DPIIT IPR Chair and Centre for Research in IP, MNLU Mumbai are organizing the comprehensive and compact One Week Online Certificate Course on IP Protection in India with emphasis on Patents. The present course is bound to benefit all those engaged in the manufacture, services, business, IP-education and research by enriching their knowledge, skill and expertise and may include legal fraternity, professionals, IP-academicians, industry managers, MSME, Startups, students in IPRs and individuals and enterprises willing to protect their Patents, Trademarks, Designs and Copyrights.

The course is meticulously designed to impart detailed legal and practical knowledge on all aspects of IPRs with emphasis on Patenting System in India along with recent technical developments and process re-engineering that have taken place over the years. Faculties for the present course include senior officials of Indian Intellectual Property Office and reputed IPR professionals who are known for their knowledge and expertise.
