CALL FOR PAPERS

Undergraduates, Post Graduates, Research Scholars, Academicians and practitioners are invited to submit abstracts and full papers on relevant themes. Selected papers will be presented during the conference sessions, and outstanding contributions may be considered for publication in a edited book with reputed publisher.

AWARDS AND RECOGNITION

This conference will also feature a special segment dedicated to acknowledging the exceptional contributions of industry professionals. This segment aims to recognize and celebrate the achievements of individuals and organizations that have demonstrated outstanding innovation, leadership, and impact in the fields of data management, knowledge systems, and legal frameworks. By highlighting these successes, the conference seeks to inspire continued excellence and advancement within the industry. Awards will be presented in various categories.

PANEL DISCUSSIONS WITH INDUSTRY EXPERTS

The conference will host engaging panel discussions featuring prominent industry experts. These sessions aim to delve into current trends, challenges, and innovations in data management, knowledge systems, and legal frameworks. Panelists will share insights on practical applications, regulatory considerations, and future directions in their respective fields. Attendees can expect lively exchanges and valuable perspectives from leaders shaping the intersection of industry practices and academic research. These discussions provide a platform for deepening understanding and fostering dialogue on critical issues impacting the broader landscape of data, knowledge, wisdom, and law.

ABOUT INTERNATIONAL CONFERENCE ON DATA, KNOWLEDGE, WISDOM & LAW

The West Bengal National University of Juridical Sciences (WBNUJS) is pleased to announce an International Conference on “DATA, KNOWLEDGE, WISDOM & LAW,” scheduled for 9th – 10th November 2024. The International Conference on DATA, KNOWLEDGE, WISDOM & LAW will be a dynamic blend of industry and academia, creating a platform where theoretical research meets practical application. By integrating perspectives from both sectors, the conference aims to provide a comprehensive understanding of how industry operates in real-world scenarios. Industry professionals will share their experiences and challenges, offering attendees valuable insights into the practicalities and complexities of data management, legal frameworks, and knowledge implementation. Academic researchers, in turn, can present cutting-edge theories and methodologies, fostering an environment of mutual learning and collaboration. This synergy ensures that participants gain a well-rounded perspective, grounded in both scholarly research and industry realities, ultimately driving innovation and progress in the intersecting fields of data, knowledge, wisdom, and law.

In the modern digital age, the proliferation of data has transformed how knowledge is generated, shared, and utilized. This vast amount of information presents both opportunities and challenges in various fields, including law. The integration of data analytics in legal practices, the role of AI in legal decision-making, and the protection of data privacy are pressing issues that require comprehensive discussion and analysis. Furthermore, the transition from knowledge to wisdom involves ethical considerations that are deeply intertwined with legal principles.

ABOUT THE WEST BENGAL NATIONAL UNIVERSITY OF JURIDICAL SCIENCES, KOLKATA

The West Bengal National University of Juridical Sciences was established under the WBNUJS Act, 1999 (West Bengal Act IX of 1999) adopted by the West Bengal Legislature in July, 1999. The University was notified under Clause (f) of Section 2 of the UGC Act, 1956 in August 2004 and has been granted permanent affiliation by the Bar Council of India in July 2005. On 28 October 2002, the university's present-day permanent campus was inaugurated by the then Chief Justice of India, B. N. Kirpal. The NUJS, Kolkata, along with the GNLU and NLSIU, Bengaluru, remain the only three national law schools which have the honourable Chief Justice of India as the Chancellor. This set-up provides an aura of exclusivity and rare stature to these National Law Schools in India.

ABOUT THE CENTRE FOR REGULATORY STUDIES, GOVERNANCE AND PUBLIC POLICY

The Centre for Regulatory Studies, Governance and Public Policy (CRSGPP) at the West Bengal National University of Juridical Sciences (WBNUJS), Kolkata was created in July 2015 with the vision of becoming a Centre of Excellence in the field of law, public policy and governance. Centre for Regulatory Studies, Governance and Public Policy works as a facilitator and foresights a broad vision of making a social change and to create a magnitude of impact through policy planning, research, analysis, training and advocacy in regulatory studies, governance and public policy. The Centre assists law and policy makers in the preparation and critical evaluation of legislation and policies that have direct bearing on people of the society and have effect on effective governance and administration. It engages in research work on subjects which are at the intersection of law and public policy and to work through empirical or non-empirical methodologies or through a combination of both. The Centre undertakes research works on functioning of the constitutional and statutory mechanisms for safeguarding and help enhancing the dimension of social welfare. CRSGPP is an engager and manager of various activities such as publishing journals, books, research papers and reports on issues pertaining to law society and governance and strengthen critical public discourses in India. Finally, CRSGPP acts as a mediator in building ties with social movements, organizations and agencies committed to strengthening democratic ideals and building an inclusive and just society.

ABOUT TECHNOLOGY COUNSEL FOUNDATION

TECOF is an independent, invite-only community platform for technology lawyers, legal services professionals, legal ops professionals, and legal tech developers working in leading technology companies, law firms, and policy-making bodies in India.

Within TECOF's Specific Interest Groups, members discuss key issues, practical problems, documentation, and experiences in handling day-to-day navigation of legal issues. Through TECOF's outreach events, engagement with governments, industry bodies, and technologists helps build a broader worldview about the technologies that shape lives and work, and the impact of law on such technologies. With TECOF's Legal Tech hub, the organization selects, harnesses, and promotes legal technology development through competitions, strategic investments, and mentorship.
