Duration: **29th September – 4th October 2025**

Application Deadline: **31st August, 2025**

Geneva & Zurich | On-site

10 Seats Only

ABOUT THE ORGANIZATIONS

Dhirubhai Ambani University - School of Law

True to the name of our founding father, Late Shri Dhirubhai Ambani, the School of Law aims to create and train a community of lawyers & non-lawyers guided by the ideals of industry-academia collaboration and entrepreneurial spirit in a globalized economy. We are a hub for capacity building, training, research and technical assistance to public & private sector organizations, globally & in India. We offer an interdisciplinary, industry-oriented education, with insights and instruction provided by experts drawn from top international & Indian organizations, industry/multilateral & intergovernmental organizations and educational institutions.

ETH Zurich – Center for Law & Economics

The Center for Law & Economics at ETH Zurich is a leading interdisciplinary hub advancing research and education at the intersection of legal frameworks, economic principles, and technological innovation. Renowned for its evidence-based approach to policy design and regulation, the Center addresses complex global challenges, including AI governance, digital regulation, and market design. Situated within one of the world's top universities, it serves as a bridge between academic insight and real-world policy impact.

RegHorizon

RegHorizon is a Swiss-based consultancy and think tank focused on the intersection of technology, regulation, and public policy. It collaborates with governments, academia, and industry to co-develop governance frameworks for emerging technologies such as AI and digital innovation. With an emphasis on responsible and inclusive policy, RegHorizon also organizes high-level forums and workshops. Its mission is to ensure that innovation evolves in step with society's ethical and regulatory needs.

Switzerland Global Enterprise

Switzerland Global Enterprise (S-GE) is the official Swiss organization for export and investment promotion. It supports Swiss SMEs in developing international markets and assists foreign companies looking to establish a presence in Switzerland. Working closely with the Swiss government and cantonal partners, S-GE offers market insights, business matchmaking, and regulatory guidance to strengthen Switzerland's global economic ties and competitiveness.

Greater Zurich Area

The Greater Zurich Area is Switzerland's leading economic and innovation hub, uniting world-class research institutions, pioneering startups, and global tech giants in one of Europe's most connected regions. Recognised for its stability & talent excellence, it is a gateway to major European markets and a magnet for investment in advanced technologies, artificial intelligence, life sciences, and finance. Offering a unique blend of high-quality infrastructure, a liberal regulatory environment, and unmatched opportunities for cross-border collaboration—it is the perfect strategic base for companies and leaders shaping the future.

ABOUT THE PROGRAMME

Where global AI leaders meet Switzerland's innovation powerhouses to shape the global future of AI governance.

The **India-Swiss Senior Executive Programme in AI Leadership**, jointly organised by **Dhirubhai Ambani University – School of Law, RegHorizon, ETH Zurich Center for Law & Economics, Switzerland Global Enterprise**, and the **Canton of Zurich**, is a high-level immersion designed for global AI leaders from the public and private sectors. Running in parallel with the **Zurich AI Festival 2025**, the programme offers participants privileged access to its flagship events, including the **AI Policy Summit, AI+X Forum, the AI & Environment Summit** & many more.

Across a week of high-impact engagements in Geneva and Zurich, participants will interact directly with global policymakers, regulators, innovators, and academics shaping the architecture of AI governance. Exclusive visits to the **United Nations, the International Labour Organization, and Swiss governmental bodies** will provide unparalleled insights into international policy development, ethical frameworks, and public-private collaboration models driving responsible AI adoption worldwide.

This Programme will also offer high-level networking opportunities through **exclusive dinners and closed-door roundtables** with CEOs, government advisors, innovators and technology leaders from diverse jurisdictions. **Dual certification** from the Dhirubhai Ambani University - School of Law & our Swiss partners underscores the programme's international credibility, while its integration of Swiss innovation leadership with global best practices ensures that participants and their institutions are positioned at the forefront of ethical, inclusive, and high-impact AI adoption.

OUR VISION

“As we launch this flagship Executive Development Programme, our vision is to cultivate leaders who will shape ethical and progressive AI governance. Drawing on insights from my work on the Global Ethical AI Charter and the School of Law’s commitment to bridging academia, policy, and practice, we aim to empower participants to build systems that are fair, transparent, and socially responsible.”

- Prof. (Dr.) Avinash Dadhich

Founding Director, Dhirubhai Ambani University School of Law

“At the heart of this programme is the belief that the future of AI will be shaped by the connections we forge today. By bringing together the brightest minds, whether they be corporate & legal leaders, visionary founders, executives or policymakers from around the world, we seek to create a forum for direct engagement with those driving AI innovation at the highest levels. Switzerland offers a unique environment for such exchanges—a place where ideas, enterprise, and collaboration in AI converge to inspire solutions with global reach and lasting impact.”

- Ms. Ayisha Piotti

Managing Partner, RegHorizon
