ABOUT THE ORGANISERS

Knowledge Steez EduHub LLP is a sincere effort to keep law students, researchers, scholars, academicians, and teaching fraternity, updated with all the academic opportunities coming their way, so as to boost their career and promote much wider information dissemination related to Law and Social Sciences. With its noble mission of “we rise by lifting others”, it has now grown over the past 15 years and become one of India’s most popular websites for law students and faculties across India . Knowledge Steez has signed various MOUs with National, International University and research think tanks. Knowledge Steez has conducted various conferences, training programs, workshops etc all across the globe.

This year, it hosts the 14th International conference on gender justice along with RGNUL, Patiala and University of Malaga, Spain and University of Nelson Mandela, South Africa.

What Makes the Event Special?

The 14th International Conference on Human Rights and Gender Justice aims to address the critical global issue of gender inequality, which remains a key driver of widespread human rights violations. Rooted in the principle of human dignity, human rights are universal, transcending boundaries of nationality, race, religion, belief & gender. Yet, the persistent gender gap calls for urgent and collaborative global action to achieve justice and equality. It brings together advocates, academicians, practitioners of Justice to build a change. This has been **running successfully since the past 14 years** and we also present Legal Aid awards to colleges in the event since 5 years.

Alongside the conference, we are proud to host the **6th Legal Aid Awards and the book launch featuring selected research papers** from our 13th International conference. It is a moment of pride to mark the successful continuation of this international platform. The growing enthusiasm for the event is reflected in the return of repeat presenters including students, teachers that include Deans & research scholars from NLUs and other reputed colleges. The participation of international guests and students each year, both online and offline goes on as the conference is conducted in a hybrid format. **The best paper presenter award for each session** keeps the participants motivated to offer good presentations.

In addition to the conference, we have successfully organized Summer Schools on **Artificial Intelligence with our initiative of ISAIDT &** impactful Faculty Development Programs, both met with an enthusiastic response. Our initiatives on Clinical Legal Education called **INCLE** has also grown and increased in number rapidly, significantly expanding our global reach, and strengthening our commitment to advancing human rights and gender justice worldwide.
