Program Overview

The **Cyber Crime Intervention Officer (CCIO)** is a 30-hour program that provides you with an essential background on cybercrimes, cyber law, gaming and tech abuse and psychological aspects associated with cyber space.

The program lets one detect early signs of problems in people around, at work and home, and also equips one to be a first responder in case of cybercrimes. Learn everything about cybercrimes and essential cyber laws to protect your loved ones and support vulnerable victims who need help.

Conducted monthly, this instructor-led program ensures you stay up-to-date with the latest digital threats and safety protocols.

PROGRAM OUTLINE

The curriculum covers critical areas of digital safety and law:

- Tech Abuse and Brain Rot
- Sextortion and Drug Abuse
- Gaming Addiction
- Professional Ethics at Workplace
- Misinformation & Fake News
- Cyber Law & Legal Frameworks
- Joyful Parenting in the Digital Age

Impact & Benefits

Win as a Parent

Being a parent is the most difficult job in this world. As children grow, the digital divide increases the generation gap. The program helps you understand the online world and its consequences so that you can protect your children and loved ones from potential cybercrimes.

Become a better Lawyer

If you are a lawyer or a law student, you will enhance your case understanding immensely with the knowledge acquired. This will mean fewer technical mistakes and better scope of representing a client.

Become a better Police Officer

The program will enhance your ability to connect, speak and discuss with young children and teenagers affected by cybercrimes. You will learn how to remove their fears, give them confidence and help you gain crucial details that will fasten investigations.

Become a better Teacher

When you understand the new age problems of digital kids, it helps you navigate their world without getting lost. With the skills gained in this program, you will be able to identify and intervene just in time.

Explore Part-time Opportunities

This program enables you to pick up part-time work opportunities such as:

- Conducting workshops in schools on cyber safety
- Working as an Intervention Officer for schools
- Assisting lawyers on cyber crime cases
- Assisting hospitals dealing with Cybercrime victims

Certification Details

EXAMINATION PROCESS
